### **PROGRAMS**

The Children's Summer Program series begins on June 17, with the Lake Effect Family Band. We have a special children's program for just about every Friday this summer through August. Chelsea has done a wonderful job of organizing a variety of both adult and children's programming for this season.

We have been contacted by the Munson Healthcare Foundation about doing a series of health related programs with medical professional provided by them. Chelsea and I will be meeting with their coordinator later this week so he can see the room and we can agree on programs and times.

We had 8 businesses show up for the Job Fair at the Leland School. The school administration was so pleased with how it went they have already scheduled another for next April.

### **FRIENDS & VOLUNTEERS**

The Friends have agreed to pay \$1,500 towards the \$2,000 cost of the program being put on by the Traverse City Dance Project. The next Friends Meeting is scheduled for June 9.

### **BUILDING & GROUNDS**

Lautner Irrigation has not been here yet to repair and start up the irrigation system. I have informed the Township Supervisor of this.

### **TECHNOLOGY**

The TV has been installed in the Munnecke Room. I have contacted our insurance provider and it is automatically included in our contents coverage.

### **BUDGET INFORMATION:**

Reports for May 2022 are attached with this report. With 16.7% of the FY elapsed, we have spent 18.9% of the budget.

**MISCELLANEOUS**

The 12'x20' pop-up canopy and PA system from the MI-83 grant program have been delivered. The availability of these items and other MI-83 materials at libraries statewide are being advertised through a statewide campaign called MI Library is Now ([milibraryisnow.com](http://milibraryisnow.com)).
